Re: Docket No. 2008-0273: Feed-in Tariffs Investigation

Honorable Chairman and Members of the Commission:

On behalf of Blue Planet Foundation ("Blue Planet"), please find enclosed the original signature page to the Declaration of Michael E. Champley filed on March 23, 2010 in the above-referenced matter.¹ Blue Planet's March 23, 2010 filing refers to and attaches as Exhibit A to the Declaration of Counsel the HECO Response to SA/HSEA-SIR-2 and accompanying hard copy portion of the spreadsheet file labeled "sa_hsea_sir_2 helco excess energy curtailments." For the convenience of the Commission, a complete copy of an electronic file of the spreadsheet is hereby submitted on the enclosed disc. (The HECO Companies provided an electronic copy of this spreadsheet file to all parties by e-mail dated March 11, 2010.)

Thank you for your attention to the foregoing. On this date, two copies of this letter were duly served upon the Department of Commerce and Consumer Affairs, Division of Consumer Advocacy by U.S. Mail and by electronic mail, and one copy was served on the other parties to this proceeding by electronic mail.

Very truly yours,

¹ Blue Planet Foundation's Comments on Hawaiian Electric Company, Inc., Hawaii Electric Light Company, Inc., and Maui Electric Company, Limited's Reliability Standards Report Filed February 8, 2010, filed March 23, 2010.

uninterrupted continuity of electric service for all customers in the event that the largest on-line generator unit trips off-line.

12. The HECO RS Report lacks data, trends, and statistical analyses based system reliability performance metrics. To establish negative reliability impacts, overall trends must be evaluated with regard to whether the trends demonstrate deteriorating conditions.

I, MICHAEL E. CHAMPLEY, do declare under penalty of law that the foregoing is true and correct.

DATED: Haiku, Hawaii, March 23, 2010.
